

Program to find the surface of sphere.

```
#include<stdio.h>  
#include<conio.h>  
main()  
{  
    int r,b;  
    scanf("%d",&r);  
    b=4*3.14*r*r;  
    printf("%d",b);  
    getch();  
}
```
