

**Program to print the following series by using  
'for loop'**

**50      48      46.....1**

```
#include<stdio.h>  
#include<conio.h>  
main()  
{  
    int i;  
    for(i=50;i>=0;i=i-2)  
  
    {  
        printf("%d",i);  
    }  
    getch();  
}
```
