

Program to display the Full name.

FORM

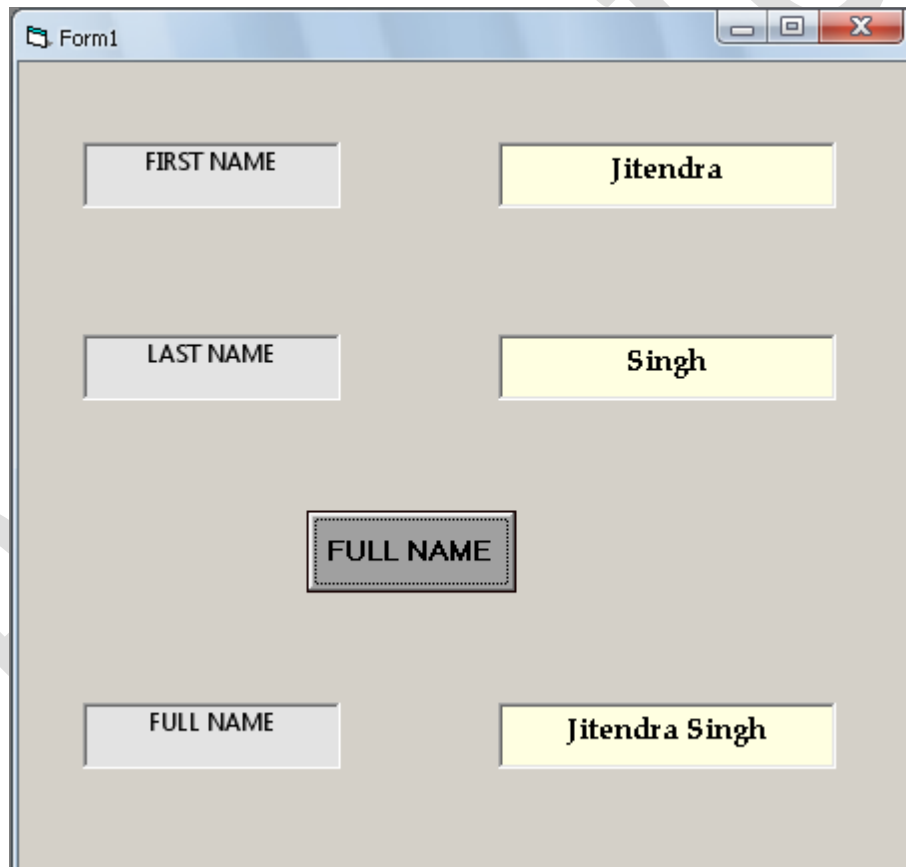

The image shows a screenshot of a Windows application window titled "Form1". The window has a standard Windows title bar with minimize, maximize, and close buttons. The main area of the window is a grid with a dotted background. It contains four controls: three text boxes and one button. The first text box is labeled "FIRST NAME" and is empty. The second text box is labeled "LAST NAME" and is empty. The third text box is labeled "FULL NAME" and is empty. The button is labeled "FULL NAME" and is positioned between the "LAST NAME" and "FULL NAME" text boxes. The text boxes have a yellow background, and the button has a grey background.

CODING

```
Private Sub Command1_Click()  
x = Text1.Text  
y = Text2.Text  
Text3.Text = Text1.Text + " " + Text2.Text  
End Sub
```

AFTER EXECUTION

The screenshot shows a Windows application window titled "Form1". Inside the window, there are four text boxes arranged in a grid. The top-left box is labeled "FIRST NAME" and contains the text "Jitendra". The top-right box is labeled "LAST NAME" and contains the text "Singh". The bottom-left box is labeled "FULL NAME" and is currently empty. The bottom-right box is labeled "FULL NAME" and contains the concatenated text "Jitendra Singh".
