

Write a program to print the color name according the user's choice.

FORM

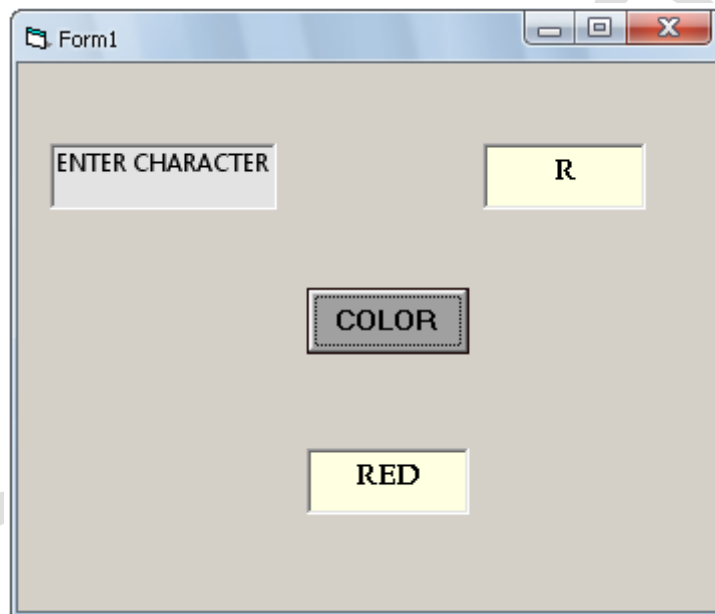

A screenshot of a Windows application window titled "Form1". The window has a standard Windows title bar with minimize, maximize, and close buttons. The main area of the window has a light gray background with a fine grid pattern. In the top-left corner, there is a button labeled "ENTER CHARACTER". To its right is a yellow text box. In the center, there is a button labeled "COLOR". Below the "COLOR" button is another yellow text box. A large, faint watermark "SCA" is visible across the background of the form.

CODING

```
Private Sub Command1_Click()  
Dim ec As String  
ec = CStr(Text1.Text)  
Select Case ec  
Case "r", "R"  
Text2.Text = "RED"  
Case "g", "G"  
Text2.Text = "GREEN"  
Case "b", "B"  
Text2.Text = "BLUE"
```

```
Case Else  
Text2.Text = "BLACK"  
End Select  
End Sub
```

AFTER EXECUTION
