

## W.A.P to Rotate the Command Button with Time

```
Private Sub Timer1_Timer()  
Command1.Caption = Time  
If Command1.Top = 0 Then  
Command1.Left = Command1.Left + 10  
End If  
If Command1.Left = 3240 Then  
Command1.Top = Command1.Top + 10  
End If  
If Command1.Top = 2520 Then  
Command1.Left = Command1.Left - 10  
End If  
If Command1.Left = 0 Then  
Command1.Top = Command1.Top - 10  
End If  
End Sub
```
